

NICOLAS MESSIAEN

PROFILE

I am a passionate and enthusiastic young man. Because of my bilingual upbringing (French – Dutch), I have no problems communicating faultlessly with others. Furthermore, I also have a certain sense of accuracy, that's why it is important for me to perform tasks correctly in order to achieve the best possible result. My friends and family describe me as a calm and friendly person. It is important to be able to get on well together or with others, what I also experienced with the scouts. Discovering new cultures, visiting foreign countries and gaining useful experiences does not scare me off.
