## Work experience

### Assistant Manager Bharat Petroleum Corporation Ltd. India

From June 2010 to October 2017

I joined BPCL in 2010 as a trainee. I got training in different parts of India both in operations and marketing. After completion of my training period, I joined at Bilaspur, Chattisgarh as an engineering executive. I used to look after the maintenance and minor construction of BPCL Petrol Pumps. I had 6 districts of Chattisgarh under my supervision. At the time of transfer to Odisha in 2015, I was looking after 93 petrol pumps. In 2015, I was transferred to Odisha and joined the operation team. However, I was always more interested in having a career in academics and to work independently. So, in 2017, I resigned from BPCL and started working as a freelancer and online tutor. My subject area of expertise is (10+2) level mathematics, physics, Engineering and tutoring Bengali Language along with translation to English and vice versa. Currently, I am associated with different online tutoring, translation and freelancing websites.
