## **Daniel Yah**

## Translator and Interpreter

Focused Translator with highly developed understanding of Spanish and English languages and culture. Skilled in quickly and accurate translating written language. 4 years of experience in medical coding, and had the opportunity to work as an over-the-phone interpreter. Soon to be graduated from the Translation and Interpretation career.

Successful at maintaining meaning, flow and specific characteristics of original words when translating documents or spoken words. Able to converse easily in 2 languages as well as having an intermediate level in Japanese. Experience in finding the best possible approach of a product's localization, making it desirable and pleasant for the target audience.

## **Work History**

#### 2019-08 -Current

#### Freelance Translator

Freelance, Tijuana, Baja California

- Reviewed final works to spot and correct errors in punctuation, grammar and translation.
- Translated medical and technical documents from Spanish to English and vice-versa.
- Used translation memory software, including SDL Trados and Wordfast, to verify consistency of translation within documents and improve efficiency.
- Have experience with localization's uses and limits and applied it to subtitling projects at university as part of a thesis.

## 2012-02 -2019-08

#### **Medical Coder**

Pro Profit, Tijuana, Baja California

- Reviewed outpatient records and interpreted documentation to identify all diagnoses and procedures.
- Applied official coding conventions and rules from American Medical Association and Centers for Medicare and Medicaid Services to assign diagnostic codes.
- Correctly coded and billed medical claims for various hospital and nursing facilities.
